

THE PLANT MENU

A Botanical Field Guide

Ninety-four plant types from the October 22, 2026 availability list, drawn for quick identification and easier customer conversations.

Century Plant

Crossvine 'Tangerine Beauty'

American Beautyberry

Pink Muhly

CUSTOMER + SALES EDITION

BIGDECKS / OCTOBER 2026

How to use this guide

Start with the silhouette. Confirm with a field mark.

A plant's overall shape gets you close; the leaf, flower, fruit, or seedhead helps tell look-alikes apart. The illustrations highlight those visible cues.

WHOLE-PLANT SHAPE

What you see from a few steps away.

FIELD MARK

A leaf edge, pad, flower, berry, or seedhead that separates similar plants.

ON EVERY PLANT PROFILE

- 01 Name** Customer name first; botanical label directly below.
- 02 Spot it** One short visual clue that a new salesperson can use.
- 03 Tell it apart** A comparison with a nearby look-alike.
- 04 Listed pot sizes** Container sizes in the supplied inventory, grouped by plant.

The listed size is the nursery container, not mature plant height or spread. Confirm live stock and exact cultivar labels before quoting a project.

Plain-language botanical terms are defined on page 59.

Choose by shape

If a customer cannot name a plant, ask what role and silhouette they want. Then turn to the illustrated index on pages 4-9.

Sculptural rosettes + cactus

Bold, radial forms or flat cactus pads

10

Vines

Climbing stems for a support

03

Trees

Trunks and canopy

02

Shrubs

Woody structure at eye or waist level

17

Flowering perennials

Seasonal flowers above softer stems

33

Fern + bold foliage

Showy leaves as the main feature

03

Groundcovers

Low, spreading or clumping layers

02

True grasses

Blades, movement, distinctive seedheads

18

Sedges

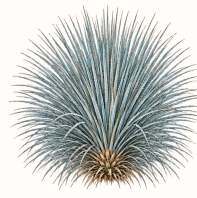

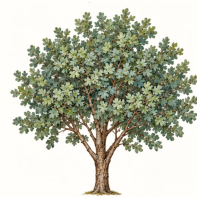

Grass-like tufts in a different plant family

06

Tip: flowers come and go; leaf shape and growth habit are the steadier clues.

Plant profiles

P001

SCULPTURAL

Architectural shape

Century Plant

Agave americana

SPOT IT

Heavy blue-green succulent leaves form a broad spiny rosette.

TELL IT APART

Broader, fleshier leaves than yuccas, sotols, or nolinias.

SUPPLIED CATEGORY

Xeriscape Plants

LISTED POT SIZES

3G

P002

SCULPTURAL

Architectural shape

Texas Sotol

Dasylirion texanum

SPOT IT

Dense round fountain of many narrow, stiff, toothed leaves.

TELL IT APART

Greener, narrower-leaved sotol; compare Desert Spoon.

SUPPLIED CATEGORY

Xeriscape Plants

LISTED POT SIZES

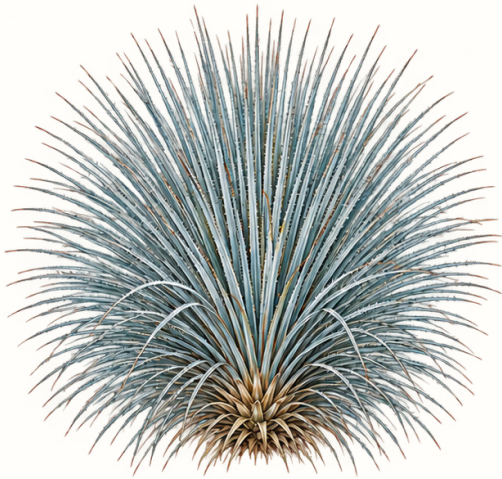

5G

Plant profiles

P003

SCULPTURAL

Architectural shape

Desert Spoon

Dasylirion wheeleri

SPOT IT

Round rosette of narrow blue-gray leaves with toothed edges.

TELL IT APART

Bluer foliage than Texas Sotol.

SUPPLIED CATEGORY

Xeriscape Plants

LISTED POT SIZES

3G

P004

SCULPTURAL

Architectural shape

Giant Hesperaloe

Hesperaloe funifera

SPOT IT

Upright clump of long narrow leaves with curling edge fibers.

TELL IT APART

Larger, more upright foliage than Red Yucca.

SUPPLIED CATEGORY

Xeriscape Plants

LISTED POT SIZES

7G

Plant profiles

P005

SCULPTURAL

Architectural shape

Red Yucca

Hesperaloe parviflora

SPOT IT

Arching narrow leaf clump with tall coral-red flower stalks.

TELL IT APART

Flowering stalks and flexible leaves distinguish it from true yuccas.

SUPPLIED CATEGORY

Xeriscape Plants

LISTED POT SIZES

3G

P006

SCULPTURAL

Architectural shape

Texas Nolina

Nolina lindheimeriana

SPOT IT

Soft-looking fountain of long, narrow, arching leaves.

TELL IT APART

Finer, less rigid leaf mass than nearby sotols and yuccas.

SUPPLIED CATEGORY

Xeriscape Plants

LISTED POT SIZES

3G / 5G

Plant profiles

P007

SCULPTURAL

Architectural shape

Spineless Prickly Pear

Opuntia ellisiana

SPOT IT

Flat oval green cactus pads with few or no visible spines.

TELL IT APART

More even pad edges than the wavy-edged Old Mexico selection.

SUPPLIED CATEGORY

Xeriscape Plants

LISTED POT SIZES

1G / 3G

P008

SCULPTURAL

Architectural shape

Old Mexico Prickly Pear

Opuntia gomei 'Old Mexico'

SPOT IT

Broad mostly spineless cactus pads have conspicuously wavy edges.

TELL IT APART

Wavy pad margins distinguish it from Spineless Prickly Pear.

SUPPLIED CATEGORY

Xeriscape Plants

LISTED POT SIZES

3G

Plant profiles

P009

SCULPTURAL

Architectural shape

Twistleleaf Yucca

Yucca rupicola

SPOT IT

Green, narrow sword leaves twist as they extend from the rosette.

TELL IT APART

Greener than the blue-toned Twistleleaf × Pale Yucca hybrid.

SUPPLIED CATEGORY

Xeriscape Plants

LISTED POT SIZES

3G / 5G

P010

SCULPTURAL

Architectural shape

Blue Twistleleaf Yucca

Yucca rupicola x pallida

SPOT IT

Blue-gray sword leaves arch and twist from a compact rosette.

TELL IT APART

Bluer foliage than plain Twistleleaf Yucca; hybrid identity needs its tag.

SUPPLIED CATEGORY

Xeriscape Plants

LISTED POT SIZES

5G

Plant profiles

P011

VINE

Vertical cover

Crossvine 'Tangerine Beauty'

Bignonia capreolata 'Tangerine Beauty'

SPOT IT

Climbing vine with paired leaves, tendrils, and orange trumpet flowers.

TELL IT APART

Orange trumpets; Coral Honeysuckle has narrower red tubular flowers.

SUPPLIED CATEGORY

Vine

LISTED POT SIZES

3G

P012

VINE

Vertical cover

Coral Honeysuckle

Lonicera sempervirens

SPOT IT

Twining vine carrying clusters of slender coral-red tubular flowers.

TELL IT APART

Narrow flower tubes rather than Crossvine's broad trumpets.

SUPPLIED CATEGORY

Vine

LISTED POT SIZES

3G

Plant profiles

P013

VINE

Vertical cover

Star Jasmine

Trachelospermum jasminoides

SPOT IT

Evergreen twining stems with glossy oval leaves and white pinwheel flowers.

TELL IT APART

Small white pinwheels rather than orange or red trumpet blooms.

SUPPLIED CATEGORY

Vine

LISTED POT SIZES

1G

P014

TREE

Canopy structure

Texas Red Oak

Quercus buckleyi

SPOT IT

Oak with pointed, lobed leaves and a branching deciduous crown.

TELL IT APART

Pointed lobes; Lacey Oak leaves have smoother rounded lobes.

SUPPLIED CATEGORY

Tree

LISTED POT SIZES

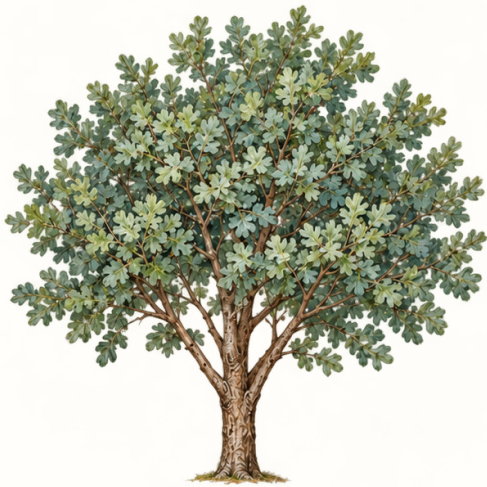

2G

Plant profiles

P015

TREE

Canopy structure

Lacey Oak

Quercus laceyi

SPOT IT

Oak with small rounded-lobed leaves and a spreading crown.

TELL IT APART

Rounded, often blue-green leaves versus Texas Red Oak's pointed lobes.

SUPPLIED CATEGORY

Tree

LISTED POT SIZES

45G / 65G

P016

SHRUB

Mid-height structure

Pride Of Barbados

Caesalpinia pulcherrima

SPOT IT

Airy shrub with fernlike compound leaves and showy orange-red flowers.

TELL IT APART

Finer compound foliage than other flowering shrubs here.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G

Plant profiles

P017

SHRUB

Mid-height structure

American Beautyberry

Callicarpa americana

SPOT IT

Arching leafy stems with bright purple berry clusters circling the stems.

TELL IT APART

Purple berries, not Buttonbush's round white flower heads.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G / 1G

P018

SHRUB

Mid-height structure

Buttonbush

Cephalanthus occidentalis

SPOT IT

Rounded shrub with white globe flowers like tiny pincushions.

TELL IT APART

Spherical white flowers versus Beautyberry's purple berry rings.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G / 1G

Plant profiles

P019

SHRUB

Mid-height structure

Texas Mountain Laurel

Dermatophyllum secundiflorum

SPOT IT

Evergreen shrub with glossy oval leaflets and hanging purple flower clusters.

TELL IT APART

Glossy compound leaves; Texas Sage has small silvery leaves.

Supplier: *Dermatophyllum secundiflora*

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

10G

P020

SHRUB

Mid-height structure

Yaupon Holly

Ilex vomitoria

SPOT IT

Dense evergreen with small oval leaves and red berries on female plants.

TELL IT APART

Compact glossy leaves; berry display depends on plant sex.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

45G

Plant profiles

P021

SHRUB

Mid-height structure

Texas Sage

Leucophyllum frutescens

SPOT IT

Dense silver-gray leaves and purple bell-shaped blooms after rain.

TELL IT APART

Base Texas Sage; compare cultivar tags for Compacta, Green Cloud, Renegade.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

1G / 7G

P022

SHRUB

Mid-height structure

Compact Texas Sage

Leucophyllum frutescens 'Compacta'

SPOT IT

Tight, small-leaved silver-gray mound with purple bell flowers.

TELL IT APART

Denser, smaller outline than standard Texas Sage.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

1G

Plant profiles

P023

SHRUB

Mid-height structure

Green Cloud Texas Sage

Leucophyllum frutescens 'Green Cloud'

SPOT IT

Rounded shrub with greener leaves and purple bell flowers.

TELL IT APART

Greener foliage than typical silver-gray Texas Sage.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G

P024

SHRUB

Mid-height structure

Renegade Texas Sage

Leucophyllum frutescens 'Renegade'

SPOT IT

Texas Sage form with small gray-green leaves and purple bells.

TELL IT APART

Cultivar traits overlap; use nursery tag to verify Renegade.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G

Plant profiles

P025

SHRUB

Mid-height structure

Turk's Cap Pink

Malvaviscus arboreus

SPOT IT

Arching shrub with green heart-shaped leaves and pink closed hibiscus-like blooms.

TELL IT APART

Pink flowers versus red Turk's Cap variety.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G

P026

SHRUB

Mid-height structure

Turk's Cap Red

Malvaviscus arboreus var. *drummondii*

SPOT IT

Arching shrub with green heart-shaped leaves and red closed hibiscus-like blooms.

TELL IT APART

Red flowers versus the pink Turk's Cap listing.

Supplier: *Malvaviscus arboreus* 'Var. Drummondii'

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G

Plant profiles

P027

SHRUB

Mid-height structure

Southern Wax Myrtle

Myrica cerifera

SPOT IT

Evergreen shrub with narrow aromatic leaves and small pale waxy berries when present.

TELL IT APART

Usually larger, looser outline than Don's Dwarf Waxmyrtle.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G

P028

SHRUB

Mid-height structure

Don's Dwarf Waxmyrtle

Myrica cerifera 'Don'

SPOT IT

Dense dwarf waxmyrtle with narrow evergreen leaves.

TELL IT APART

More compact habit than standard Southern Wax Myrtle.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G / 7G

Plant profiles

P029

SHRUB

Mid-height structure

Jerusalem Sage

Phlomis fruticosa

SPOT IT

Silver-gray woolly leaves and yellow flowers spaced in stem whorls.

TELL IT APART

Yellow whorls; Texas Sage has purple bells.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

1G

P030

SHRUB

Mid-height structure

Mexican Bush Sage

Salvia leucantha

SPOT IT

Arching stems with fuzzy purple flower spikes and narrow gray-green leaves.

TELL IT APART

Fuzzy purple spikes distinguish this sage from silver-leaved Texas Sage.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G

Plant profiles

P031

SHRUB

Mid-height structure

Copper Canyon Daisy

Tagetes lemmonii

SPOT IT

Loose aromatic shrub with fine foliage and bright yellow daisy flowers.

TELL IT APART

More leafy and shrub-sized than low Four Nerve Daisy.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

1G

P032

SHRUB

Mid-height structure

Esperanza Gold Star / Yellow Bells

Tecoma stans 'Gold Star'

SPOT IT

Shrub with toothed compound leaves and clusters of yellow trumpets.

TELL IT APART

Yellow trumpets, not the yellow daisies of Copper Canyon Daisy.

SUPPLIED CATEGORY

Shrub

LISTED POT SIZES

3G

Plant profiles

P033

FLOWERING PERENNIAL

Seasonal color and texture

White Yarrow

Achillea millefolium 'White'

SPOT IT

Fine feathery leaves below flat-topped clusters of tiny white flowers.

TELL IT APART

Flat flower plates versus taller white spikes or globes.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G / 4IN

P034

FLOWERING PERENNIAL

Seasonal color and texture

Fragrant Mistflower

Ageratina havanensis

SPOT IT

Rounded leafy stems end in fuzzy pale lavender-white flower clusters.

TELL IT APART

Broad leaves; Gregg's Mistflower has deeply cut leaves.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

4IN / 3G / 1G

Plant profiles

P035

FLOWERING PERENNIAL

Seasonal color and texture

Flame Acanthus

Anisacanthus quadrifidus

SPOT IT

Open branching stems carry long narrow orange-red tubular flowers.

TELL IT APART

Long solitary-looking tubes, unlike clustered Mexican Honeysuckle blooms.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

3G / 1G

P036

FLOWERING PERENNIAL

Seasonal color and texture

Tropical Milkweed

Asclepias curassavica

SPOT IT

Orange-red and yellow milkweed flower clusters above narrow leaves.

TELL IT APART

Bicolored milkweed flowers and long pods set it apart.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

Plant profiles

P037 FLOWERING PERENNIAL

Seasonal color and texture

Chile Pequin

Capsicum annuum

SPOT IT

Small branching pepper plant with tiny upright fruits ripening red.

TELL IT APART

Tiny peppers, not berry strings like Pigeonberry.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

P038 FLOWERING PERENNIAL

Seasonal color and texture

Damianita

Chrysactinia mexicana

SPOT IT

Low evergreen mound of fine leaves dotted with yellow daisies.

TELL IT APART

Finer foliage than Four Nerve Daisy's basal leaf tuft.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

Plant profiles

P039

FLOWERING PERENNIAL

Seasonal color and texture

Gregg's Mistflower

Conoclinium greggii

SPOT IT

Clusters of fuzzy blue-purple flowers above deeply divided leaves.

TELL IT APART

Cut leaves and blue-purple blooms versus Fragrant Mistflower.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

4IN / 1G

P040

FLOWERING PERENNIAL

Seasonal color and texture

Black Dalea

Dalea frutescens

SPOT IT

Fine compound leaves and short purple flower spikes on an open shrublet.

TELL IT APART

Bushier and more woody-looking than Purple Prairie Clover.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

3G

Plant profiles

P041

FLOWERING PERENNIAL

Seasonal color and texture

Purple Prairie Clover

Dalea purpurea

SPOT IT

Slender upright stems tipped with purple cylindrical flower spikes.

TELL IT APART

Narrow prairie clump rather than Black Dalea's woody mound.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

P042

BOLD FOLIAGE

Foliage contrast

Autumn Fern

Dryopteris erythrosora

SPOT IT

Feathery fern fronds emerge copper-bronze and mature green.

TELL IT APART

Feathery fronds, unlike Leopard Plant's large round leaves.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

Plant profiles

P043

BOLD FOLIAGE

Foliage contrast

Spotted Leopard Plant

Farfugium japonicum 'Aureomaculata'

SPOT IT

Large rounded glossy leaves marked with irregular yellow spots.

TELL IT APART

Yellow leaf spots versus Giant Leopard Plant's plain green leaves.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

P044

BOLD FOLIAGE

Foliage contrast

Giant Leopard Plant

Farfugium japonicum 'Giganteum'

SPOT IT

Oversized plain green, glossy, rounded leaves on long stems.

TELL IT APART

Large unspotted leaves versus Spotted Leopard Plant.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

3G

Plant profiles

P045

FLOWERING PERENNIAL

Seasonal color and texture

Whirling Butterflies 'White'

Gaura lindheimeri

SPOT IT

Airy wiry stems carry small white butterfly-like flowers.

TELL IT APART

Open airy habit rather than dense flower spikes.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G / 4IN

P046

FLOWERING PERENNIAL

Seasonal color and texture

Prairie Verbena

Glandularia bipinnatifida

SPOT IT

Low spreading stems with deeply cut leaves and purple flower clusters.

TELL IT APART

Creeping mat rather than upright blue-purple mistflower.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

Plant profiles

P047

FLOWERING PERENNIAL

Seasonal color and texture

Mexican Honeysuckle

Justicia spicigera

SPOT IT

Leafy stems bear orange tubular flowers in upright clusters.

TELL IT APART

Orange clusters; Coral Honeysuckle is a climbing vine.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G / 3G

P048

FLOWERING PERENNIAL

Seasonal color and texture

Dallas Red Lantana

Lantana camara 'Dallas Red'

SPOT IT

Mounded shrublet with rough leaves and clustered red-orange flowers.

TELL IT APART

Red-orange clusters versus white trailing or yellow-orange Texas Lantana.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

Plant profiles

P049

FLOWERING PERENNIAL

Seasonal color and texture

White Trailing Lantana

Lantana montevidensis - white selection

SPOT IT

Low trailing stems with small white rounded flower clusters.

TELL IT APART

White, spreading form versus upright Dallas Red and Texas Lantana.

Supplier: Lantana montevidensis var. 'White'

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

P050

FLOWERING PERENNIAL

Seasonal color and texture

Texas Lantana

Lantana urticoides

SPOT IT

Open leafy mound with clustered yellow, orange, and red flowers.

TELL IT APART

Mixed warm flower colors; tag separates it from Dallas Red.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

Plant profiles

P051

FLOWERING PERENNIAL

Seasonal color and texture

Golden Groundsel

Packera aurea

SPOT IT

Heart-shaped basal leaves below stems of small golden daisies.

TELL IT APART

Round basal leaves distinguish it from fine-leaved yellow daisies.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

P052

FLOWERING PERENNIAL

Seasonal color and texture

Rock Rose

Pavonia lasiopetala

SPOT IT

Loose mound with pink five-petaled hibiscus-like flowers.

TELL IT APART

Open pink petals versus Turk's Cap's closed, rolled flowers.

SUPPLIED CATEGORY

Perennial

LISTED POT SIZES

1G

Plant profiles

P053

FLOWERING PERENNIAL

Seasonal color and texture

Fall Obedient Plant

Physostegia virginiana

SPOT IT

Upright square stems with rows of pink snapdragon-like flowers.

TELL IT APART

Tall orderly flower spike, unlike airy Autumn Sage blooms.

SUPPLIED CATEGORY

Perennial

Grass-Like Plants

LISTED POT SIZES

1G / 4IN

Plant profiles

P079

SEDGE

Fine-textured clump

Berkeley Sedge

Carex divulsa

SPOT IT

Dense fountain of narrow green leaves with fine upright seed stems.

TELL IT APART

Fine dense evergreen-looking tuft; confirm against Carex tag.

SUPPLIED CATEGORY

Grass-Like Plants

LISTED POT SIZES

1G

P080

SEDGE

Fine-textured clump

Lawn/Scotts Sedge

Carex leavenworthii

SPOT IT

Compact fine-textured tuft with narrow leaves and small seed spikes.

TELL IT APART

Shorter, finer lawn-like tuft than broad-leaved Cherokee Sedge.

SUPPLIED CATEGORY

Grass-Like Plants

LISTED POT SIZES

1G / 4IN

Plant profiles

P081 SEDGE

Fine-textured clump

Webberville/Meadow Sedge

Carex perdentata

SPOT IT

Meadowy tuft of narrow arching leaves and small seed spikes.

TELL IT APART

Fine meadow texture; confirm Webberville Sedge by tag.

SUPPLIED CATEGORY

Grass-Like Plants

LISTED POT SIZES

4IN / 1G

P082 TRUE GRASS

Movement and seedheads

Inland Sea oats

Chasmanthium latifolium

SPOT IT

Broad green grass leaves frame dangling flat oat-shaped seed heads.

TELL IT APART

Flat hanging oats versus sedges' narrow seed spikes.

SUPPLIED CATEGORY

Grass-Like Plants

LISTED POT SIZES

1G / 4IN

Plant profiles

P083 TRUE GRASS

Movement and seedheads

Green Sprangletop

Leptochloa dubia

SPOT IT

Fine grassy clump topped by open branching sprays of seedlets.

TELL IT APART

Open branching spray rather than Blue Grama's horizontal flags.

P090

TRUE GRASS

Movement and seedheads

Switchgrass

Panicum virgatum

SPOT IT

Tall upright grassy clump with an airy branching seed panicle.

TELL IT APART

Open airy panicle, not Indian Grass's tighter gold plume.

SUPPLIED CATEGORY

Grass-Like Plants

LISTED POT SIZES

1G

Plant profiles

P091 SEDGE

Fine-textured clump

Star Rush Sedge

Rhynchospora colorata

SPOT IT

White star-shaped leaf bracts surround a small central seed cluster.

TELL IT APART

White star is unmistakable; botanically a sedge, despite 'rush' name.

SUPPLIED CATEGORY

Grass-Like Plants

LISTED POT SIZES

4IN / 1G

P092 TRUE GRASS

Movement and seedheads

Little Bluestem

Schizachyrium scoparium

SPOT IT

Tight upright blue-green clump turns copper with fluffy pale seed heads.

TELL IT APART

Bluer, tighter clump than Big Bluestem.

SUPPLIED CATEGORY

Grass-Like Plants

LISTED POT SIZES

4IN / 1G

Plant profiles

P093 TRUE GRASS

Movement and seedheads

Indian Grass

Sorghastrum nutans

SPOT IT

Tall grass with conspicuous golden-bronze plume-like seed heads.

TELL IT APART

Golden plume, not Switchgrass's airy open panicle.

SUPPLIED CATEGORY

Grass-Like Plants

LISTED POT SIZES

3G / 4IN / 1G

P094 TRUE GRASS

Movement and seedheads

Eastern Gamagrass

Tripsacum dactyloides

SPOT IT

Coarse broad leaves rise into tall stems with dark dangling seed spikes.

TELL IT APART

Broad heavy blades unlike most fine-textured grasses here.

SUPPLIED CATEGORY

Grass-Like Plants

Look-alikes / at a glance

Compare the field mark before relying on a flower color or supplier tag.

**Texas Sotol
vs. Desert Spoon**

Texas Sotol is greener; Desert Spoon reads distinctly blue-gray.

**Red Yucca
vs. Twistleaf Yucca**

Red Yucca has coral flower stalks and flexible leaves; Twistleaf Yucca has twisting sword leaves.

**Spineless Prickly Pear
vs. Old Mexico Prickly Pear**

Both are mostly spineless listings; Old Mexico has strongly wavy pad edges.

**Crossvine 'Tangerine Beauty'
vs. Coral Honeysuckle**

Crossvine has broad orange trumpets; Coral Honeysuckle has narrow red tubes.

**American Beautyberry
vs. Buttonbush**

Beautyberry has rings of purple fruit; Buttonbush has white pin-cushion flower spheres.

**Fragrant Mistflower
vs. Gregg's Mistflower**

Fragrant Mistflower has broad leaves; Gregg's Mistflower has finely cut leaves.

Look-alikes / at a glance

Compare the field mark before relying on a flower color or supplier tag.

**Big Bluestem
vs. Bushy Bluestem**

Big Bluestem has a three-pronged head; Bushy Bluestem ends in fluffy tufts.

**Sideoats Grama
vs. Blue Grama**

Sideoats Grama lines seeds down one side; Blue Grama makes horizontal eyebrow heads.

**Blue Grama
vs. Blonde Ambition Blue Grama**

Blonde Ambition has taller, straighter blond flags than plain blue grama.

**Inland Sea oats
vs. Cherokee Sedge**

Inland Sea oats hangs broad, flat oat-like seeds; Cherokee Sedge has narrow drooping spikes.

**Pink Muhly
vs. Seep Muhly**

Pink Muhly makes a bigger pink cloud; Seep Muhly is finer and smaller.

**Star Rush Sedge
vs. Lilyturf**

Star Rush Sedge has white star-like bracts; Lilyturf has purple flower spikes.

The short botanical glossary

These are the plant-shape words used in the profiles. Each definition describes what a customer or salesperson can actually see.

Habit	The overall shape: clumping, mounding, trailing, climbing, or tree-form.
Rosette	Leaves radiate from one central base, like an agave or yucca.
Pad	A flat prickly-pear stem; it is not a leaf.
Areole / glochid	A dot on a cactus pad / tiny barbed bristles that can remain on 'spineless' types.
Inflorescence	The whole flower or seed cluster at the end of a stem.
Panicle	A branched, often airy flower or seed cluster on a grass.
Bract	A leaf-like structure near a flower; it can be showier than the flower.
Sedge	A grass-like plant in a different family; many have triangular stems.
Cultivar	A named cultivated selection, usually printed inside single quotation marks.
Botanical variety	A naturally occurring rank written with var. before its name.

When a look-alike is close, the live plant tag is the final name check.

Source and name notes

The October 22 supplier CSV contains 124 inventory rows representing 94 distinct plant listings. Repeated pot sizes are consolidated here. Quantity fields were blank, so listed sizes are an ordering reference rather than a stock guarantee.

NAMES CHECKED FOR THIS EDITION

Texas Mountain Laurel Use *Dermatophyllum secundiflorum*; supplier ending is -secundiflora.

Turk's Cap Red Var. *drummondii* is a botanical variety; supplier uses cultivar-style quotes.

White Trailing Lantana Treat White as a color selection until a cultivar name is verified.

Blue Grama The Native Sun Turf trade name may refer to a seed mix; confirm exact stock.

Red Yucca / Texas Sage Common names are misleading: these are *Hesperaloe* / *Leucophyllum*.
